WORK ENVIRONMENT

OUR PEOPLE

Our heroes and heroines feel no boundaries

We have a very qualified and specialized team helping to create professional and sophisticated work covering your business needs

MISSION

We strive for success and efficiency
making sure to never let you down

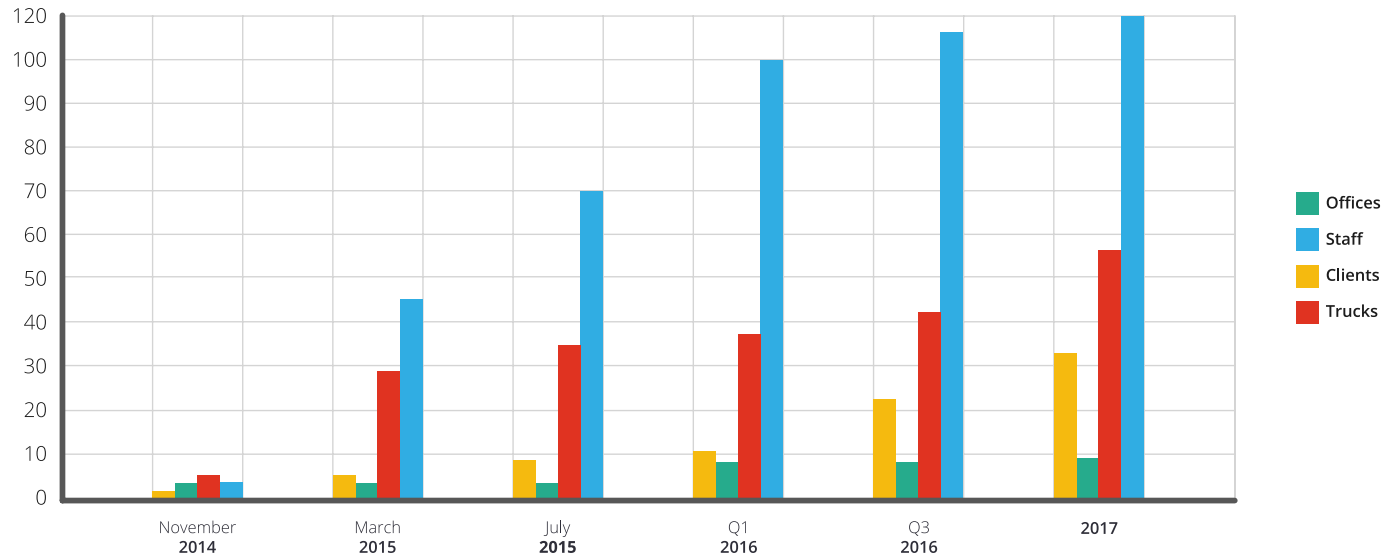

CORE VALUES

OUR GROWTH

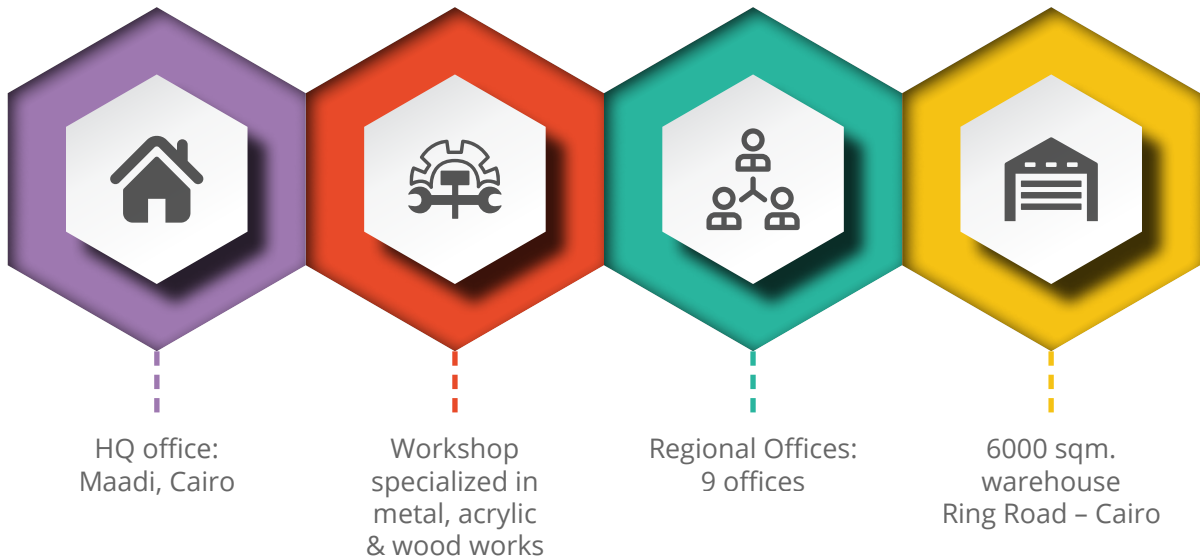

*To ensure rapid growth
We invest in having*
POWERFUL ASSETS

ASSETS

F A C I L I T I E S

The background image shows a production workshop. On the left, there is a large industrial machine, possibly a paper mill or a textile loom, with a worker standing next to it. On the right, another worker is visible, working on a piece of machinery. The entire image is overlaid with a semi-transparent blue filter.

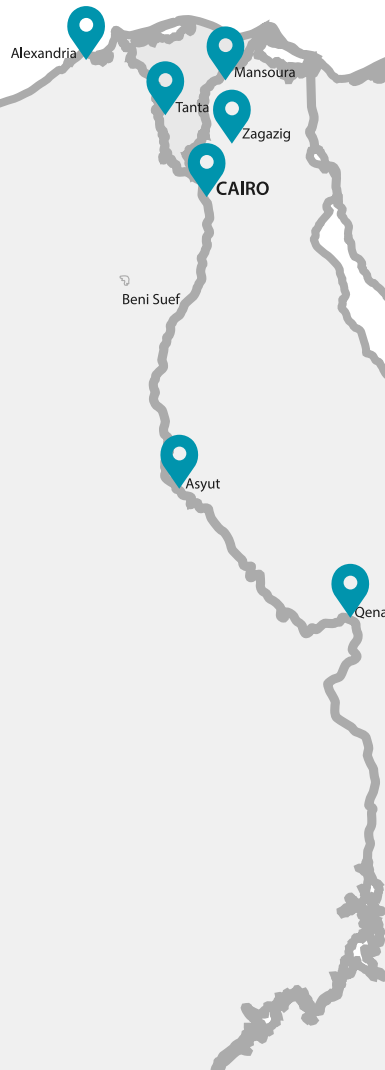

PRODUCTION WORKSHOP

We have our own workshop where we manufacture our own BTL
(Below The Line) material, equipped with the latest machinery to ensure
highest quality and efficient delivery timings

Company profile

”

On behalf of Chevron Egypt Lubricants, I would like to extend our gratitude & Thank you for the amazing work, execution & handling of our brand presence during the Gouna Rally Special 2017.

Your field team spared no effort in making everything looks perfect, displaying patience and ingenuity with the harsh weather conditions we faced & the difficult terrain we were installing in.

They kept their energy throughout from start to end , thru wind , dust, cold & sun , thru desert & crowded places.

A great experience , surely to be repeated.

Shahira E. Osman - Channel Marketing Manager
Caltex Egypt

”

Many thanks for your efforts and
all your team efforts to complete the site.
It looks great and hopefully it will be
a very good start for our DIFM project in 2016

Khaled Ali - Account Manager
Chevron Egypt

“

I want to thank Bluebox for the very professional management of our case. From the first meeting until the implementation, you kept each deadline and you were determined that we receive the best possible service and outcome.

I am really impressed by the spirit of the technical team which implemented our wall and stands. I barely see technicians who are eager to learn new tasks and who work with such a joy. They were extremely happy to see the final product and they worked as if it was their own product

Mohamed Monem - Managing partner
Holzer Egypt

”

Thank you so much for your patience,
tremendous support, good spirit and
excitement... wouldn't have made it
without you... you are a real gem

Shahira Osman - Consultant / partner

PRODUCTION

PRODUCTION

Below the line material is used for executing advertising campaigns, exhibitions and in-store material. Bluebox recognizes that Point of Sale Materials (POSM) are an effective marketing tool; Moreover a well thought out and properly presented POSM attracts consumer attention and promote the brand. Due to their appealing and informative nature, POSM are capable of stimulating purchases directly at the point of sale.

Can be used for:

Advertising
Decor and antiques

FLEET MANAGEMENT

FLEET MANAGEMENT

Bluebox implements innovative logistics solutions for manufacturers that have one thing in common: they are dependent on getting their products delivered – on time – in perfect condition – throughout Egypt. With our trucks ranging in different lengths and heights, you have every possibility of tailoring the truck precisely to your needs. Our distribution fleet covers Egypt nation-wide. If you're looking for a top notch distributor for your business, look no further. With our 24/7 monitored fleet, you are guaranteed quality service delivered on time, every time.

WAREHOUSING

WAREHOUSING

At Bluebox, we provide comprehensive storage and distribution services for your company. Our cutting-edge warehouse management system sets us apart and ensures that your supply chain functions smoothly every step of the way.

As your storage needs change over time, you can count on Bluebox to lead the way not only today, but evolving over time and keeping up with the rapid changes in market requirements, information demands, and communications technology.

We follow 
international security
standards
in our warehouses and
fleet management

TAPA is respected around the world for its proactive work in protecting high-value goods.

We use TAPA to ensure the safety of our warehouses and cargos, to ensure the transparency.

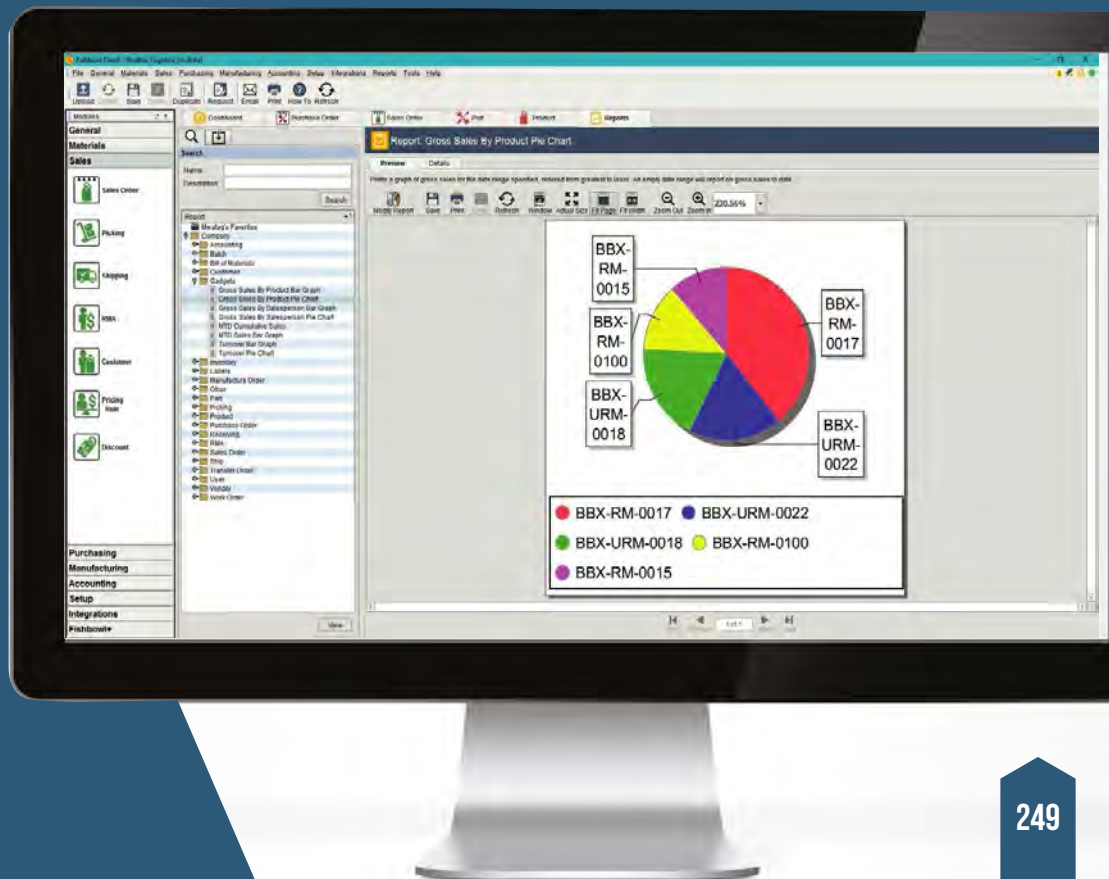

And integrity in everything we do, and to well represent and support all our stakeholders.

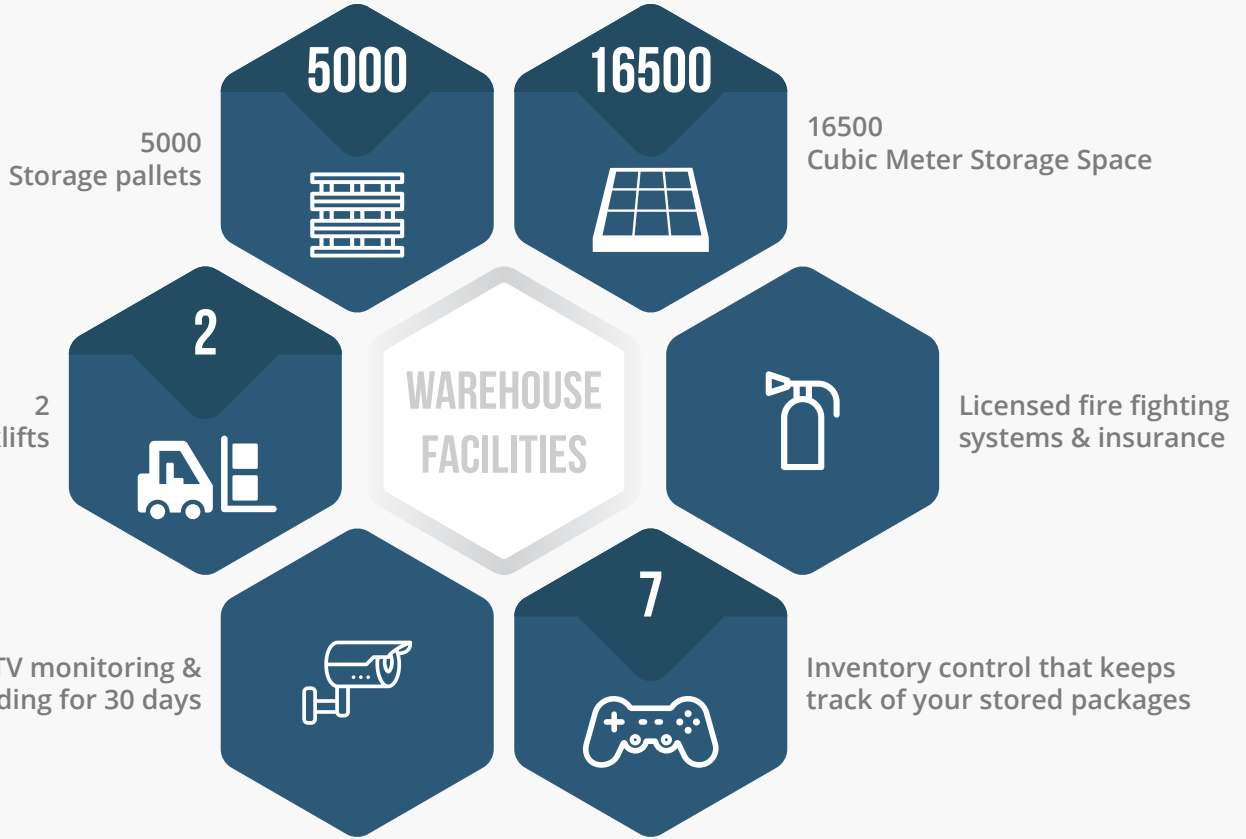

WAREHOUSING DATABASE SOFTWARE APPLICATION

Fishbowl is a software which links our headquarters with the warehouse, tracking every movement taking place either in or out of the warehouse. Our clients can also gain access to it keeping track of their packages upon request.
